# Scope Plane

## User Stories

**Fans/Potential Fans**

**Scenario 1:**

The user(s) wants to feel 'reminiscent' with the band that they love.

**Requirements 1:**

- Include any specific colors that are associated with the Monkees consistently through every page on the site.
- Include a slideshow OR a huge background photo of the band members together.
- Insert any logo or slogan on each page to increase the bond between the fans and the band through the website.
- Include a wide range of multimedia such as photos, videos, clips etc.

**Scenario 2:**

The user(s) would like to know any information about the band (mainly for potential fans)

**Requirements 2:**

- Include an about me section for each band member.
- Include some background information on the band.
- The 2 point above should be included on a single page.

**Scenario 3:**

The user(s) would not only like to listen to their music but also find out relevant information associated with their albums.

**Requirements 3:**

- Insert an album page which contains their albums, songs and any relevant videos/pictures associated with that specific album.
- Include any background information for that album such as album name, list of songs titles in that album, dates etc.

**Scenario 4:**

The user(s) would like to keep in touch with the band's activities over time.

**Requirements 4:**

- Include social media links such as Facebook,Twitter, YouTube etc.
- Include a live news page with the band's recent activities.
- Provide a 'monthly' newsletter subscription for the user(s) on updates.

**Client (Band/Band Represensitive)**
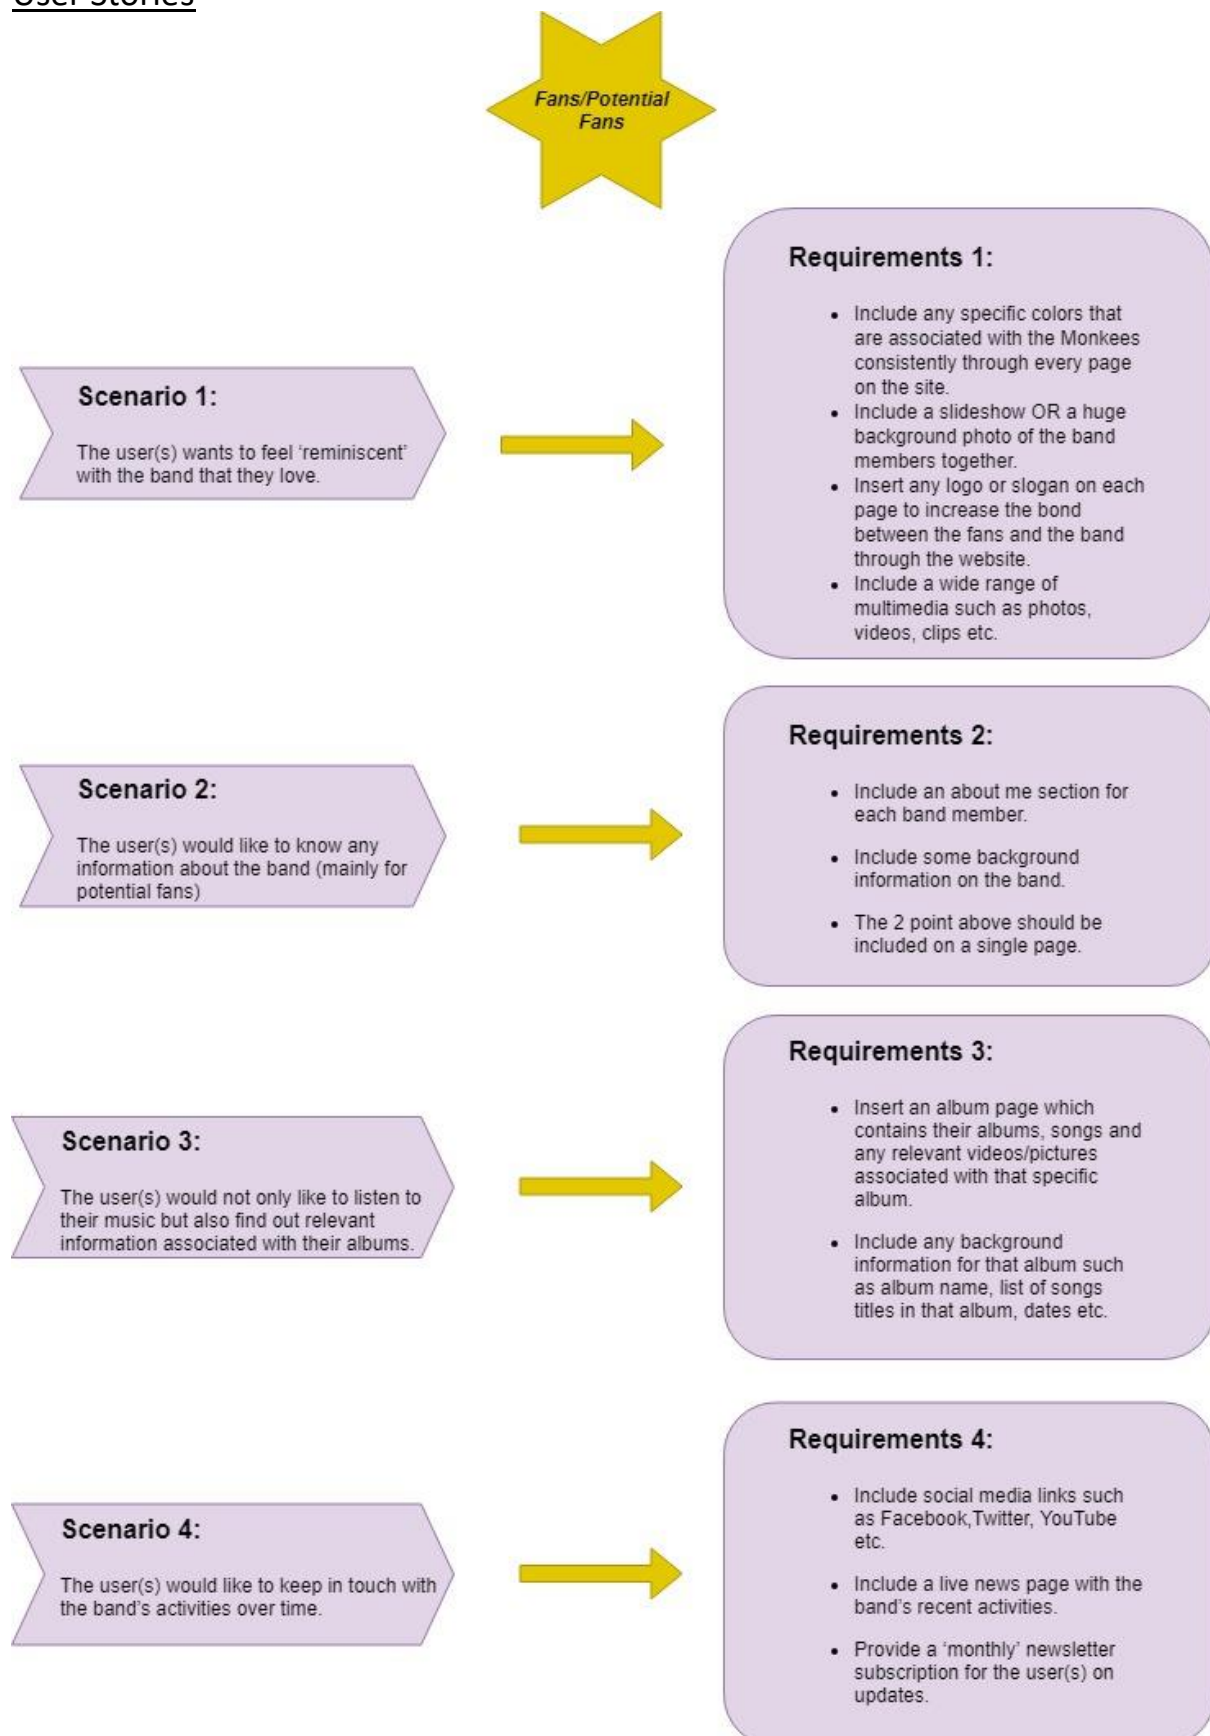

**Scenario 1:**

The user wants to increase their social awareness.

**Requirements 1:**

- Include their social media on every page.
- Keep fans updated on their activities via the live news page.

**Scenario 2:**

The user would like to showcase their music and alert fans of their availability to perform at events.

**Requirements 2:**

- Include an album page.
- Include a contact form for any person who wishes to book them.
